### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Several references were found that maintained a topology map of the network, including updating the topology map by adding a new node to the network. The examiner however was unable to find the claimed matching a host node in the old data with a host node in the new data such that the host nodes in the old and new data become identified as matching nodes corresponding to one another; identifying nodes in the new data having a same connection to an identified matching node as nodes in the old data to the corresponding matching node so as to identify additional matching nodes that correspond to one another; and identifying any nodes in the new data that fail to correspond with a node in the old data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul R. Myers whose telephone number is 571 272 3639. The examiner can normally be reached on Mon-Thur 6:30-4:00.
